

# 05 - Export attachments as PDF

Description	Test case	Result	Comment
Export attachments as PDF	<p>As a Jira user, In the display screen of an issue, at the middle right, click on the icon  to generate a PDF file that contains all selected files merged in one file.</p>	<p>When you click on the file icon :</p> <ol style="list-style-type: none"><li>1. A message will be shown to inform you that the pdf file export is processing.</li><li>2. After a moment (relative to the number and the size of merged files) a new file will be attached to the issue, and a pop-up ask you to download and save the generated file.</li></ol>	<p>Only the selected files will be exported in PDF.</p>
